SIS TECHNOLOGY RESPONSIBLE USE AGREEMENT

Information technology resources, including email and Internet access, are provided, required, and/or permitted by and in school for educational purposes. Adherence to this agreement is necessary for continued access and use inside the school premises:

Students must:

- 1. Respect and protect the privacy of others.**
 - Use only valid and clearly identified accounts.
 - Not view, use, or copy passwords, data, or networks to which they are not authorized.
 - Not distribute private information about others or themselves.
- 2. Respect and protect the integrity, availability, and security of all electronic resources.**
 - Observe all network security practices, as posted.
 - Report security risks or violations to a teacher or network administrator.
 - Not destroy or damage data, networks, or other resources that do not belong to them, without clear permission of the owner.
 - Conserve, protect, and share these resources with other students and Internet users.
- 3. Respect and protect the intellectual property of others.**
 - Not infringe copyrights (no making illegal copies of music, games, or movies!).
 - Not plagiarize.
- 4. Respect and practice the principles of community.**
 - Communicate only in ways that are kind and respectful.
 - Report threatening or discomforting materials to a teacher.
 - Not intentionally access, transmit, copy, or create material that violates the school's code of conduct (such as messages that are pornographic, threatening, rude, discriminatory, or meant to harass).
 - Not intentionally access, transmit, copy, or create material that is illegal (such as obscenity, stolen materials, or illegal copies of copyrighted works).
 - Not use the resources to further other acts that are criminal or violate the school's code of conduct.
 - Not send spam, chain letters, or other mass unsolicited mailings.
 - Not buy, sell, advertise, or otherwise conduct business, unless approved as a school project.

Students may, if in accord with the policy above

1. Design and post web pages and other material from school resources.
2. Use direct communications such as IRC, online chat, and/or instant messaging with a teacher's permission.
3. Install or download software, if also in conformity with laws and licenses, and under the supervision of a teacher.
4. Use the resources for any educational purpose.

Consequences for Violation. Violations of these rules may result in disciplinary action, including the loss of a student's privileges to use any technology devices and resources inside the school.

Supervision and Monitoring. School and network administrators, and teachers monitor the use of information technology resources to help ensure that uses are secure and in conformity with this policy. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, or security of any student or other person, or to protect property. They may also use this information in disciplinary actions, and will furnish evidence of crime to law enforcement.
